

Producer's note:

A few months ago I was asked to produce another musical fund raiser similar to the Woody Guthrie Centennial concert in 2012.

Word went out and once again volunteers stepped forward to make the stage magic happen.

With very little on-stage rehearsal time available, the musicians had to learn and practise the songs at home.

Special kudos to the band as they had to learn all the songs in very little time and were so accommodating to the cast's needs.

My thanks to all the wonderful people who helped make this fundraiser come together. This was a perfect example of community theatre with folks coming from all parts of the Shuswap to share their talents and time.

I would also like to thank the Shuswap Theatre Society's Board of Directors for their support by giving me a free hand in this production.

Please note, no picture taking, recording or cell phone use during the performance.

About the Shows:

We had several criteria when selecting each show tune; someone had to know it well enough to be the lead, it had to be fairly well-known, sing-along type songs were a high priority and we had to have fun doing it !

There was no script so the vocalists were encouraged to do the songs the way they wanted to.

Our songs cover about 70 years of musical theatre. As a kid living in NYC, my parents took us to see all the Broadway Musicals. Back then they were all done acoustically (no amplification) so that is how we are doing it now. I hope you enjoy the show as much as we have enjoyed producing it.
