

Shuswap Theatre Photocopying

The Theatre leases a very capable printer/copier on a six-year term. The current lease begins in December, 2022. The costs are as follows:

Monthly lease payment	159.00
Black and white cost per copy	.012
Colour cost per copy	.10

(Per copy costs are guaranteed to the end of 2025 and will likely increase each year after that. Check with the treasurer for current rates.)

Since we are paying every month for the copier whether we use it or not, it is important for members to use our own copier whenever possible rather than using other copy services.

There are sometimes specialized copying tasks that.

At present, we typically use another service for season program covers, but our own for most everything else, including

- Scripts
- Posters
- Minutes
- Documents
